Included on this list of important dates is our Poland trip. We encourage students to attend this Poland experience if possible. The last two years we organized our own tour, run by Midreshet Tehillah faculty members who are experts in teaching the Holocaust, skilled educators and mentors, and who know our students well. The result was a very positive, high impact, life-changing experience for those who went. Students not going to Poland, however, will not feel shortchanged. For them we provide our Discover Jerusalem program, which brings students to parts of the city they probably would not visit on their own. **Please note that the Poland/Discover Jerusalem programs occur within the semester and attendance at one or the other is mandatory.** We have a required in-Shabbat the following Shabbat, Mar 20 - 21, and regular classes from Sun, March 22 - Tue, March 24 (inclusive). The earliest date to leave for Pesach vacation will be Wed March 25.
