

Dorm Questionnaire

We are in the process of planning out our dormitory. In order to do this we need all of next year's students to answer a few questions to assist us in arranging rooms and apartments. At the end of this email you will find a link to our google doc dorm questionnaire. Please follow the link and fill out the doc – it only takes a few minutes to complete. We ask that you complete it before Wednesday 29th May, when we begin the process of dividing up the dorm. If we do not have your responses we will assign you a spot randomly – which increases the chances of getting an incompatible roommate.

Please bear in mind that we will work hard to set you up with roommates that are compatible. The information we get from the questionnaire is what we have found to be most relevant for identifying matches. But no system is foolproof and putting together a dorm of over 50 girls is a very complicated jigsaw puzzle.

That said, the more honest you can be with yourself and us about who you are and what will work for you in a room (as opposed to who you would like to be or wish would work for you in a room) the more likely we are to be successful. So take a few minutes to think about the questions before answering them.
